Welcome! **Groovin' from Home** is a set of short, step-by-step improvisation experiences created for beginning to intermediate recorder students. It's a chance to play your recorder and make up *your own* music.

Just follow the narrator and have fun! We hope you'll want to play each track more than once.

Note: If a link is not working, you can access these tracks on Wendy Barden Youtube channel.

I can improvise rhythm on one pitch (G)

1. Slow Rock Rhythms for Recorder

How are you feeling about improvising today? Come back and take another turn. The more you improvise the more fun it gets to make up your own music!

We'll be adding more tracks, bringing in more elements. Check back next week!
