

Perpich Arts High School: Graduation Requirements for 2015 and beyond

Minnesota Graduation Standards

In compliance with the state of Minnesota Graduation Standards, Perpich students, from 2015 and forward, must earn 28 credits in ninth through 12th grades to graduate with a Perpich Arts High School diploma:

Arts	=	8 (2015 graduates)
English	=	4
Mathematics	=	3 (including algebra II, geometry, statistics and probability sufficient to satisfy the standards.
Science	=	3 (including a biology credit. In addition, students graduating in 2015 and beyond must complete chemistry or physics
Social studies	=	3.5 (encompassing U.S. history, geography, world history, economics and government/citizenship)
Health	=	.5 (or have met the local district requirement of student's home school)
Physical education home school)	=	.5 (or have met the local district requirement of student's home school)
Miscellaneous	=	5.5 (2015 graduates and beyond)
Total credits		28 (2015 graduates and beyond)

Perpich Arts High School credit requirements for graduation

Juniors

Enrolled students must earn a combined total of 18 credits in grades 11 and 12. These credits must include two English credits, eight art credits and eight additional credits to meet our graduation requirements to be in compliance with the state of Minnesota Graduation Standards.

New seniors

Students enrolled in grade 12 only must earn nine total credits. These credits include one English credit, four art credits and four additional credits to meet our graduation requirements to be in compliance with the state of Minnesota Graduation Standards.

Perpich does not offer algebra 1, geometry or health. Applicants must have already completed those credits before being accepted to Perpich. We have one class that provides a physical education credit but recommend that the P.E. credit also be completed before application.
