#### I. PURPOSE

The purpose of this policy is to impart to students, employees and the community the Perpich Arts High School [school] policy related to the student activity program.

#### II. GENERAL STATEMENT OF POLICY

School activities provide additional opportunities for students to pursue special interests that contribute to their physical, mental and emotional well-being. They are of secondary importance in relationship to the formal instructional program; however, they complement the instructional program in providing students with additional opportunities for growth and development.

#### III. RESPONSIBILITY

- A. The Board of Directors expects all students who participate in school sponsored activities to represent the school and their home community in a responsible manner. All rules pertaining to student conduct and student discipline extend to school activities.
- B. The Board of Directors expects all spectators at school sponsored activities, including parents, employees, and other members of the public, to behave in an appropriate manner at those activities. Students and employees may be subject to discipline and parents and other spectators may be subject to sanctions for engaging in misbehavior or inappropriate, illegal or unsportsmanlike behavior at these activities or events.
- C. The Executive Director or designee shall be responsible for disseminating information needed to inform students, parents, staff and the community of the opportunities available within the school activity program and the rules of participation.
- D. Those students who participate in Minnesota State High School League (MSHSL) activities must also abide by the league rules. Those employees who conduct MSHSL activities shall be responsible for familiarizing students and parents with all applicable rules, penalties, and opportunities.
- E. The Executive Director shall be responsible for conducting an annual evaluation of school activity programs and presenting the results and any recommendations to the Board of Directors.
