

Mary Doodles!

How to Art! Tutorials on Essential Art Skills

"How to Art" YouTube Videos - Getting started with content from Mary Gutfleisch

Those of us who have taught in the Northfield Schools are very proud of what Mary Gutfleisch has done with her very successful entrepreneurial career in Los Angeles, CA where she produces *Mary Doodles*. Mary is humorous, fun, and her videos are great introductions that help students gain success in a variety of artistic skills. Her content is the perfect opportunity for teachers to use her video content in their courses during this COVID-19 pandemic. We are thankful to Mary for collaborating with us to enable these videos to be used in classrooms across Minnesota. We look forward to additional work she is creating regarding creating art with simple materials that are coming out in the near future.

I am a strong proponent of utilizing a blend of your personal work, alongside content created by other professionals such as Mary. Check it out with full details below! To learn more about her work [click here](#).

Here is a list that Mary put together especially for us. She created this list with the reality of our teaching constraints such as: basic materials, straightforward instruction, and the best part is she is creating MORE videos with us in mind!
