

USITT - United States Institute for Theatre Technology

Online Industry Resources

<https://www.usitt.org/online-industry-resources>

During this unprecedented time, USITT is here to provide resources to our membership and beyond. Online learning, job opportunities, and industry resources are available year-round for those who may be out of work, those who are having to navigate the waters of teaching classes online that traditionally would not be suited as web-based education, and more.

About USITT

USITT connects performing arts design and technology communities to ensure a vibrant dialogue among practitioners, educators, and students. USITT was founded in 1960 as an organization to promote dialogue, research, and learning among practitioners of theatre design and technology.

Today, the Institute boasts thousands of members at all levels of their careers and has embraced the new technologies being used in entertainment. USITT is now the leader in life-long learning opportunities for the entertainment design and technology industry.
