

“Eine Kleine Nachtmusik” by Wolfgang Amadeus Mozart

<https://www.youtube.com/watch?v=ETSdeb-YK4s> (4:02)

I can use my instrumental skills to play with the group.

I can:

- ___ Play my instrument with correct technique
- ___ Play my part accurately by the symbols
- ___ Play with steady tempo – stay with the bouncing symbol and the group
- ___ **Bonus!** Play at dynamic levels that match the music (such as the change to *p* at 1:34)

Instructions:

1. Only watch the video to see what the Mozart character does along the way.
2. Watch the video and practice following the music by tapping or patting when Mozart lands on every symbol. Did you notice when the music suddenly got quiet?
3. Choose 1 symbol/instrument to play or substitute a sound of your own. Practice your instrument or sound. Can you change dynamics from *f* to *p*?

Hand Drum Tambourine Claves Triangle

4. Watch the video and play every time Mozart lands on your symbol.
5. If the music is too fast at first, click SETTINGS (cog) in the lower right corner and from there you can slow down the video.
